

BAEC 2006 Showcase Home Update

April 2006

Silvestri Development Group has tentatively scheduled our open house for the Eastern Connecticut 2006 Showcase Home to benefit the Connecticut Chapter of the Make-A-Wish Foundation for the weekend of June 24.

To date, Over 30 professionals have added their talents to the building of this home.

The kitchen is designed to provide the feel of an entertainment center with old Nantucket charm. Reba's Kitchen and Bath design has created cabinetry of soft white with brown glaze, accented with seeded glass doors, glass blown knobs, and a beautiful stone countertop. The kitchen island features a built in seating area with a custom made wood table which will seat six yet is cozy enough to sit and enjoy a glass of wine or a hot cup of coffee. Connecticut Appliance & Fireplace Distributors are providing a Viking range top, electric oven with warming drawer and convection microwave and 42" side-by-side refrigerator. Their Fisher Paykel dishwasher with two drawers and separate ice maker both sport wood cabinet fronts to provide a warmer feel.

If this and the butler pantry holding an additional dishwasher are not enough, Viking is also featured in an outdoor kitchen next to the in- ground pool with all high end features such as outdoor refrigeration, a beverage center, 41" built in grill and outdoor warming drawer.

Reba is also supplying the cabinetry for the home's five unique bathroom areas. Country Carpet & Tiles will wrap the master bathroom's whirlpool in Aegean mosaic tiles, and will finish the custom steam shower with pebble and glass tiles.

For updates on the BAEC Showcase Home, click the icon on the www.baec.net homepage, then come and join the fun.
